October 25, 2020

PASTOR'S CORNER

A Note From Richard Lindsey:

I am delighted to tell you that the Leadership Team of Fellowship UMC has approved reopening New Beginnings Learning Center (NBLC) in September 2021. There will be a number of key changes which we feel will appeal to parents in our general area. First of all, we will offer both pre-school and childcare. Secondly, we will be open 12 months of the year. It gives me great pleasure to announce to you that Gayle has been hired as the Director of the recreated NBLC. Staffing will be just one of the many hats she will wear and that, of course, will depend upon the number of children enrolled. I hope that you are enthused as we are with the new program!

WE LOOK FORWARD TO SEEING YOU AGAIN NEXT WEEK!

Sanctuary worship will be **ONLY once a month** on Communion Sundays. Our next in-person worship service will be **NEXT Sunday, November 1st @ 10:04am**. Communion Sundays are on the first Sunday of every month.

Online services will continue to be every week. Please see re-opening guidelines [here](#).

4th ANNUAL GIFT CARD FUNDRAISER

REMINDER: Due date for all card purchases is NEXT SUNDAY, NOVEMBER 1ST If you would still like to participate and need a vendor list and order form, please call the church office at (856) 547-3300 as soon as possible.

ANGEL TREE REMINDER

Next Sunday (Nov. 1st) will be the final day to select a child's Angel from our Angel Tree. These gifts go to financially needy families for their children who are undergoing treatment at the Osborn Clinic of Our Lady of Lourdes Hospital. There are still 5 remaining angels on our tree. If you would like to select an Angel but will not be out next Sunday for in-person worship, please call me at 856-889-2848 and I'd be happy to get that information to you!!

ALL gifts must be returned to the church no later than 2pm on Sunday Nov 29th. Contact-free drop off can be made by dropping your gift (gift wrapped with a blank gift tag and your white angel with the gift's contents written on it) at the church doors with the ramp from noon to 2pm today or noon to 2pm on Sun. Nov. 29th where I will be waiting to receive them. If you need to make specific arrangements or have any questions, please contact me! Gifts will be delivered to the Osborn Center the next day for distribution when children come for treatments during the month of December!

It has been a long and difficult year for many, and particularly so for families in financial need with children facing major medical issues. We can help brighten their holidays by sharing God's love in the form of a gift and the prayers that will accompany them!!

— Rev. Shellie K. Pinner

CHRISTMAS EVE

Due to increasing cases of COVID-19 and concern for all, the Fellowship UMC Leadership Team has decided to have our Christmas Eve service online. There will be no in-person service. Links will be provided for both Facebook and YouTube. We hope to also have a special video for the kids!

2020 has been such a challenging year (to say the least!) and we miss seeing you all so much! To make our Christmas Eve extra special, ***we want to see your wonderful faces!*** We are asking every individual/family to shoot a very brief video (30 seconds or less) to send a Christmas message to your church family! Example: "Merry Christmas from the Smith family!" Have fun with it and make it your own! Please send your short video to Pastor Ayn at pastorayn@gmail.com before December 10th. The amazing Ed Masker will then do his magic by editing all videos together to be included in our online Christmas Eve service! What an awesome gift to SEE our church family virtually on Christmas Eve!!!

Online Offering via  Pushpay [here](#).

Checks can be mailed or dropped in the mail slot at the educational entrance. *Thank you for your generosity!*

Fellowship UMC Ministry Team

Senior Pastor	Ayn M. Masker	609-420-3296
Fabulously Retired Pastor	Sandy Campbell	609-682-3562
Associate Pastor	Shellie Pinner	856-889-2848
Youth Minister	Steve Megaw	856-547-3300

ONE NEW JERSEY - ADVOCACY IN ACTION

**Join us for a virtual
“Advocacy In Action”
Tuesday, October 27th @ 7:00pm**

**Virtual attendees will learn how to take actions asking their elected officials for their support for robust funding for the global response to the COVID-19 pandemic.
Please RSVP at <https://bit.ly/2IYcEj7> if you'd like to take part!**

Viruses don't pay attention to borders or geographies, so neither can we. As people of faith, we need to keep standing together, supporting each other, and acting on the simple premise that this pandemic is bigger than all of us and we'll defeat it if we act as one.

We're going to stand with our communities, in every neighborhood, town, city, and country where we live. That includes standing with Africa and the people and countries that are most vulnerable to the threats posed by the pandemic. This is about principle, and solidarity, and what's right.

But it's also about what's smart: we can't defeat a global pandemic anywhere unless we win everywhere. We're going to organize, mobilize, activate, and advocate around three key lines of effort:

- The emergency response: We need to mobilize the resources for a humanitarian response in Africa on a scale not seen in decades. And we need to make sure medicines and eventually new vaccines are distributed equitably. All game-changing innovations need to be deployed transparently and fairly in order to defeat a global pandemic driven by a virus that doesn't discriminate.
- Sustaining economies: We've already seen the economic impact of the pandemic in the U.S. and Europe. The impact could be even greater in Africa, where capital is urgently needed now to tackle the immediate consequences. But much, much more will be needed, including debt relief, special facilities, and support for anchor and small businesses.
- Global health security: In order to defeat global pandemics like COVID-19, we need to build the capacity of all countries to prevent, detect, and respond to global health threats. This will take global resources, but response preparations cost far less than managing global pandemics after they happen.

Additionally, a safe, effective vaccine will be key to ending the pandemic and reopening the global economy, but only if the most vulnerable, everywhere, has access to it. The US must help ensure that the most vulnerable people - from frontline workers to the immunocompromised - have priority access to the vaccine regardless of whether they live in New York City or Nairobi.

We are ONE World and it's time to fight for humanity and against the virus. This is a global pandemic that demands a global response. We stand with the most vulnerable, whether they live across the street or across the ocean.
